

Kiran Singh Jolly – Computing and Publicity Officer

GOALS FOR THE YEAR

I am responsible for maintaining the website and social media, and making sure they are always up to date, and displaying correct information. I manage college-wide email lists, and publicise events happening in Trinity, and I seek to improve college IT services, and try to provide IT assistance to anyone who needs it.

This year, I want to redesign the TCSU website, in order to make it more usable. I also want to create a way to open up the roles of the Male and Female Welfare Officers to gender non-binary students, in a way that is fair for all. I would like to create a Snapchat geofilter for Trinity during Freshers' week

LENT 2019

Goals	Progress
Remove unnecessary pages from the website, and remove/update outdated pages as necessary	I have filtered through the website and made amendments and deleted/updated pages where necessary. I have also repurposed the TCSU events page, which had an unused calendar on it, such that it can be used for a room booking system, and so you can see when/how the Blue Boar Common Room is being used. This will hopefully expand to other rooms in college in the near future.
Discuss with committee, and implement a way of electing a non-binary student into one of the male/female welfare roles.	This has been discussed, but we have decided to hold off on any changes (at least for the time being)
	I have created a publicity subcommittee who assist me with some publicity tasks, which currently include
