

## Minutes for Meeting with Junior Bursar- 22<sup>nd</sup> February

- **Nick**- rational spending of money, vacation storage- reduce prices. Bar refurbishment.
- College pays for CUSU membership, if you disassociate, you cut yourself off from NUS and CUSU.
- Furniture in the bar, needs changing. Use of reserves of Amalgamated Clubs Committee. Presentationally important that you check whether other clubs might have ideas for spending.
- Identify first what furniture is needed, College will buy it through Works Dept. as we will get the best price and also constrained by fire safety/danger etc.
- Augustin- better boxes for international students to store possessions during vacation.
- **Ryan**- themed formals, working with Finn and Petr. Dean thinks it will be a good idea but have to submit a formal proposal, for a specific event.
- Next term looking to do an open air screen in make before May Week. Not many places to hold Bops and Events in college- only place is the Bar.
- Marquee could be an option. Looking at better permanent option for College.
- Transform WPR into common room e.g. pool table.
- More welfare events than we normally do. Not an issue of funding as we have plenty. Now weekly welfare event with fudge.
- Continue BME Access event. Availability of space and timings.
- Have more socials in freshers week- like inter-collegiate events so more BME can meet each other.
- **Olivia**- freshers week welfare- requests for consent workshops, safe drinking workshops. Hoping to do things in exam term like healthy food stations.
- **Laura**- raise awareness around college. Get rid of plastic cups in hall. Enhancing recycling bins. Meeting proposed with Junior Bursar separately. Actually quite a lot of recycling going on where dry waste gets separated at recycling plant.
- **Domestic**- vacation storage, rents in New Court. Rents will be talked about in Liaison committee next term.
- **Computer**- create an app so college life is integrated.
- **Martin**- college's investment policy. Junior Bursar doesn't have anything to do with that. Senior Bursar deals with College Investments.

### Accommodation/ Storage over Vacation:

- At the moment, not every International can get storage.
- Various access events and Olympiads going on in Easter holidays.
- Highest number of students want to stay in College over Easter. Do not know how many rooms will be occupied.
- Proposal for raising prices for rooms for non-residential use over vacation. People who want to stay should get priority over people who want to not live there over vacation.
- Problem over people saying they are staying but not.
- Question over why can't people share rooms over Easter for storage space.
- Argument that house cleaning cannot clean the room.
- Proposal at the moment says no.
- Martin's proposal that college could set aside a number of rooms and then allocate rooms for people to stay in rooms. Perhaps first come first serve.
- Additional option for keeping everything in your room but not staying there.
- Argued flat rate is too much £160.
- No room for students to store stuff for domestic students like inter-national students.
- There will definitely be a flat rate.
