

Overseas Welfare Officer Termly Goals Lent

Wish to Accomplish	Accomplished
Plan Eurovision	Eurovision will be arranged simultaneously in the bar and the JCR, and we hope to have Eurovision-themed drinks served in the bar while pizza will be served in the JCR
Plan International Freshers' Week	International freshers has been planned with the welcome addition of night punting to the roster. There is still work left to be done, but I believe internationals freshers this year will be fantastic.
Arrange International Welfare Tea	International welfare tea will happen in the beginning of Easter term in conjunction with our BME officer Wanipa. I look forward to it.
<p>This term has been busy in a very exciting way for the TCSU, with the members of the council working to improve current conditions for Trinity students while also arranging events such as freshers' week. For me, I have tried my best to represent the interests of the internationals on the council, and I hope that the next term, besides being a stressful one, can be made better for internationals with events such as Eurovision and International Welfare Tea.</p>
