<p><b>General protocols throughout College for all Trinity Members and guests (where permitted)</b></p>	<p>It is strongly advised to keep indoor spaces well ventilated when occupied. Note that high-level ventilation (e.g. the top section of sash windows) is particularly helpful as is any arrangement which can encourage a 'through flow' of air.</p> <p>Face coverings are strongly advised to be worn in all indoor spaces, especially when at all crowded. This includes Neville's and the Brewhouse marquees when the sides are in place.</p> <p>As a matter of courtesy, a face covering should be worn when in conversation with any members of College staff, whether academic or not, who are wearing a covering themselves and might also be particularly vulnerable to COVID. Such indoor situations would apply to bedders on your staircase or when food is being served to you. It is thus implied that face coverings should be carried at all times.</p> <p>Face coverings are not required in private spaces (eg student rooms) unless the household is in isolation/quarantine, or the room is being attended to by the Works or Housekeeping Departments.</p> <p>COVID protocols – sanitiser stations, screening, wayfaring signage – to remain in place.</p> <p>Social distancing – to act with caution; be mindful of distancing.</p>
<p><b>Old Field and Gymnasium</b></p>	<p>External outdoor bookings to resume with spectators at normal capacity.</p> <p>In line with University guidelines, sport activities return, but all hirers should refer to their sport's NGB for any specific guidance and safety protocols. Activities should be risk assessed and College reserves the right to request a copy before any activity commences.</p> <p>All captains will need to provide a COVID risk assessment which will need to be approved in advance of any sports being played.</p> <p>The gym is open to Members and Associate Members, with current opening/closing times of 07:00-20:00 each day, Mon-Sat and arrangements as follows:</p> <p>Changing and toilet facilities are fully open;</p> <p>Limit of 15 people to be able to use facility at any one time, free movement between training rooms, which will be labelled with maximum occupancy information (currently five people per room);</p> <p>A new online Booking system is being created and is necessary to manage number of users;</p> <p>COVID protocols to remain in place (cleaning, distancing, face coverings) with the exception of the one-way system. Layout of equipment to remain as is.</p>
