

EMMY CHARALAMBOUS FOR PRESIDENT

Proposer: Will Deacon (TCSU Vice President 2022-3) **Seconders:** Henry Wayt (TCSU Treasurer 2022-3)

WHO AM I?

I am Emmy Charalambous, a second year Classicist.

I am your current LGBTQ+ Students' Rep and have worked hard to make the college a more inclusive space, advocating for students to the college, organising events and socials, and running the Gender Expression Fund.

WHY ME?

I have sat on the TCSU committee as LGBTQ+ Rep, and attended the Equality Diversity and Inclusion Committee, giving me experience working with college to make change and advocating for students to the college. I will use my presidency to continue advocating for students in all facets of college life and ensure their needs are heard and met.

I understand how TCSU works, and I can be both ambitious and realistic about what we are able to achieve.

I have helped run both Freshers' Week and International Freshers' Week.

I have experience on the executive of other committees, serving as Secretary and VP for CUTwC.

WHAT WILL I TO DO?

Short Term

Give the student body **easier ways to communicate with the committee** by collaborating with the webmaster to **update the contact form** to be more efficient, with separate forms for requests and complaints/comments. I will provide the students with a **suggestion board/box in the JCR** to leave comments for the committee, much like has been implemented in the library.

I will ensure the **spaces in college are more welcoming and useful to students**, replacing the beanbags in the JCR, providing equipment such as a pool table to the Burrell's Field Common Room, and making sure there are lights on all outdoor sports pitches/courts.

Long Term

I will continue to **fight against the rising KFC and price of hall**, working with the Junior Steward to ensure food in college is tasty, nutritious, and affordable, while also advocating for **adequate cooking facilities** for all accommodation.

Being LGBTQ+ Rep, I enjoyed being able to work a lot with other college reps to plan events. I will use this experience to **build relationships with other JCRs**, organising events and swaps and **making Trinity less insular**.

One of the most important jobs as president is **making sure the committee works cohesively and effectively**. I will help the committee succeed in achieving their goals and targets, working together to **make the college a better place for all students**.
