About the author

*Loves to argue, will standup for you without any hesitation
Easy to approach with any concerns you have
:)*

My plan:

Establish an anonymous portal to report any microaggressions or incidents that made you feel uncomfortable.

Why me?

I strongly believe in actively working towards making Trinity a more inclusive space.

BME social events will not be BME exclusive, since the purpose is to bring awareness to the problems we face in our daily lives, an active dialogue is very important.

Events:

BME fellows dinner: Social events for encouraging a dialogue between BME fellows and students.

BME formals with guest speakers – open to all, to learn more about different cultures

Themed formals to celebrate International festivals within the college

BME pub quizzes

Intercollegiate BME socials
