

SAKSHAM KAPOOR

FOR

JUNIOR STEWARD

Proposer: Elianna Proud
(Environmental & Domestic
Officer 2021/22)
Seconder: Isaac Flanagan

Hi everyone! I'm Saksham, a second year Nat Sci running to be your next Junior Steward. For me, hall is important for both sustenance and as a great space for socialising after a long day of work. I'd love to channel my energy into making hall better FOR YOU!

WHY I THINK I'M RIGHT FOR THIS ROLE:

- During the Telethon, I demonstrated strong communication, raising over £17,000 to support students at Trinity and fund widening participation schemes
- As a senior prefect, I gained extensive experience in representing the student body, listening to their concerns and suggestions and implementing them
- I have shown strong collaborative skills from serving as speaker liason at TCSS and treasurer at CUCS
- I'm open minded, approachable and very willing to implement any ideas you may have for improving Trinity food
- My favourite hall dessert is cookies so I clearly have good taste

PROPOSALS:

FOOD

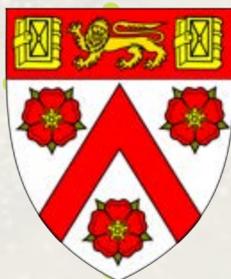

- **New fruit bar** at brunch with mangoes, pineapple, melons, papaya, pomegranate etc.
 - freshly cut fruit at hall prices will save time, money and waste
- Organise a **feast** or event of equivalent fanciness to replace the Michaelmas one that was cancelled - it's important we make the most out of our "Cambridge experience"
- **I promise to bring back the old standard of brunch scrambled eggs**

INCLUSIVITY

- Make **international food more authentic** by launching a dedicated working group where students can give their input on what should be done differently
- Introduce a **lower price** for non-alcoholic formal tickets
- Formal-style events to **celebrate culturally important events** such as Diwali, Chinese New Year and Eid just as we have the Christmas formals

SUSTAINABILITY

- **Reduce the price of the vegetarian option** as part of 'Trinity Green Tuesdays' in collaboration with environmental officer because saving the planet deserves a reward!
- **New vegan options** such as couscous stuffed peppers, butternut squash noodles, spicy mexican rice etc.
- **Reduce food waste** by ensuring surplus produce is donated to charity/given out for free

IMPROVED STUDENT EXPERIENCE

- Increase awareness of days when hall isn't serving food due to catering clashes etc. to reduce inconvenience
- I will **reduce queues for the servery and congestion in hall** by calculating and publicising the busiest times for dinner so that people can avoid these if they want shorter waiting times
- I will smoothen the admin for societies
- I will hold **regular drop in sessions** in the bar for people to convey suggestions/complaints

I'd be honoured to be YOUR next Junior Steward and welcome any questions/ideas to sk2108@cam.ac.uk
