

Ben Mays

Environmental Representative

Proposer: Gia Bao Tao (Overseas Welfare '22)

Seconder: Arunav Maheshwari

Education

- Make freshers' 'green' workshops compulsory next year to encourage people to live more sustainably
- Host more speakers' events on topical environmental issues, including in collaboration with other colleges
- Hold more environmental programmes, green quizzes, etc to increase engagement

Sustainability

- Reduce college's use of single-use plastic
- Secure greater provision of recycling bins around college

Why Me?

- I was Head Boy at school, and so have some experience on committees, working with staff, etc
- Oversaw a successful program to rewild some parts of the school grounds and increase biodiversity
- Watched all 11 excruciating minutes of Greta's speech at COP25 - clearly I'm very committed
