Give the Ents officer more funding

Fight to improve the gym.
Short term: ensure Trinity regularly checks cable machines to avoid snaps, buy new attachments for cable machines

Long term: utilise room with rowing machines in more.

Reduce waffle in TCSU meetings to make sure that they are spent fighting for things Trinity students care about

ABOUT ME

I'm Henry, a 2nd-year Economics student. As you all know, I was last years Treasurer, and loved being involved with the TCSU. I'm also involved in Rugby and mixed Netball, and have loved my time so far in college

WHY ME?

- I was last years Treasurer, so have experience on what makes a good treasurer
- The most difficult part of being Treasurer is the fact it takes MANY months to get on the bank mandate, making paying people more difficult. Fortunately, I am already on the mandate...
- Most of the Treasurers role is behind the scenes, but some of the stuff you will have seen me do is: negotiating and advertising Trinity perks and discounts, distributing stash, publicising the budget, and helping with Freshers' events
- Behind the scenes, I've modernised the TCSU's rolling accounting and budgeting system, streamlining processes for future treasurers to come.
