for Racial and Ethnic
Diversity Representative

Proposer : Aprajit Mahajan
(BME officer 2022-2023)

Seconder: Naomi Vince
(Female Welfare Officer
2022-2023)

Hi everyone, I'm Sanadi! I'm a second-year engineer at Trinity. I'm so excited to represent and help the BME community in Trinity.

WHY ME?

- I understand the experiences of the BME community in Trinity and the university, which will allow me to identify the needs of others like me and help the committee to meet these needs.
- I also have experience with the duties of being part of a committee due to my role as events officer in the Cambridge University Sri Lankan Society. You can rely on me to put in the utmost effort to fulfil this role.
- I already know a lot of you, but am excited to meet even more BMEs and build a strong sense of community!

MY PLAN

REVITALIZE BME EVENTS

The BME community has so much to offer, why keep it to ourselves? I want to look into throwing events that celebrates this with the hopes of attracting other societies and their members' participation.

ACCOUNTABILITY

Any elected officer should uphold the interests they represent. I am committed to making sure the committee effectively engages with and represents the BME community by keeping track of the committee's commitments and tracking their progress.

ACCESS

There is so much to do in terms of building pathways for under represented backgrounds to come to Trinity. To that end, I am committed to helping the committee achieve this in any way I can, specifically by collaborating with the Access and Overseas Officers.
